150 Repulsive Hospital Reviews

From April 2023

LEXINGTON, KENTUCKY, USA, May 23, 2023/SafeCareGroup.com/-- SafeCare magazine announced today the release of *150 Repulsive Hospital Reviews from April 2023*.

“These 150 reviews are truly repulsive.

They represent a mere snapshot of neglect, negligence, and negative outcomes of care, treatment, and services at deemed, accredited hospitals across the USA.

Is it any wonder that our country ranks dead last among developed nations in healthcare?

Our hearts go out to the victims and their families,”

Yisrael M. Safeek, MD, MBA
Chairman & CEO,
The SafeCare Group

The 150 repulsive hospital reviews were posted at www.rateahospital.com site in April 2023 for this article. Like the 150 disgusting hospitals reviews in March, SafeCare magazine editors again categorized the 150 reviews into five buckets with breakdown as follows:

- Grievances Reporting and Accountability – 43;
- Untimely Care and Delays of Treatments – 29;
- Lack of Compassion and Missing Empathy – 34;
- Botched Care and Poor Outcomes – 30;
- Unscrupulous Billing and High Charges – 14.

SafeCare

When it comes to healthcare, choosing the right hospital can make all the difference. Unfortunately, not all hospitals are created equal, and some are considered to be the worst in terms of quality, safety, and efficiency of care. Healthcare consumers utilize the <https://www.rateahospital.com/> site to post comments in five areas.

About The SafeCare Group®

The SafeCare Group is focused on helping patients by extending our products across their healthcare journey - everything from finding a hospital, writing reviews, and staying connected afterwards. In 2019, The SafeCare Group launched <https://rateahospital.com/> to allow patients to share care experiences, and in 2013, <https://www.100safecarehospitals.com/> rankings were created to empower healthcare consumers. Since 2016, The SafeCare Group invested heavily into Artificial Intelligence (AI) platforms known as Intelligent Healthcare™ PaaS by leveraging machine learning and deep-learning capabilities. SafeCare AI® Suite <https://www.safecareai.com/> fosters a new generation of AI applications, which are able to sense, reason, act and adapt, to address a range of healthcare challenges in areas such readmissions, medical errors, infections, cost, and outpatient utilization. Since 2014, SafeCareSoft® SaaS solutions enable hospitals to take advantage of disruptive healthcare software known as Softwaring Healthcare Excellence® that optimize hospital ratings and regulatory accreditation. The SafeCare Group® was founded in 2010 and is celebrating its 10th anniversary.
