The SafeCare Group releases its 2019 Report on US Hospitals Performance

Report on the quality, safety, and efficiency of healthcare delivered by US hospitals

LEXINGTON, KENTUCKY, USA, August 7, 2019 /EINPresswire.com/ -- The SafeCare Group® has published its 2019 100 SafeCare Hospitals® Report with details on the quality, safety, and efficiency of healthcare delivered by US hospitals.

"In response to hospitals requests, The SafeCare Group began monitoring the quality, safety, and efficiency of healthcare delivered by US hospitals," said Yisrael M. Safeek, MD, MBA, Chairman and CEO. "In response to requests from hospitals interested in comparing their results with those of other hospitals, The SafeCare Group established the 100 SafeCare Hospitals ratings."

The 2019 100 SafeCare Hospitals Report presents statistics on the quality, safety, and efficiency of healthcare delivered by US hospitals and was developed for the following purposes:
• Comparison - To allow hospitals to compare their quality, safety, and efficiency results with those of other hospitals in bed size category.
• Assessment and Learning - To provide data to hospitals to facilitate internal assessment and learning in performance improvement process.
• Supplemental Information - To provide supplemental information to help hospitals identify their strengths and areas with potential for improvement.

2019
