

# The SafeCare Group Announces the Addition of Tech Guru To It's Board

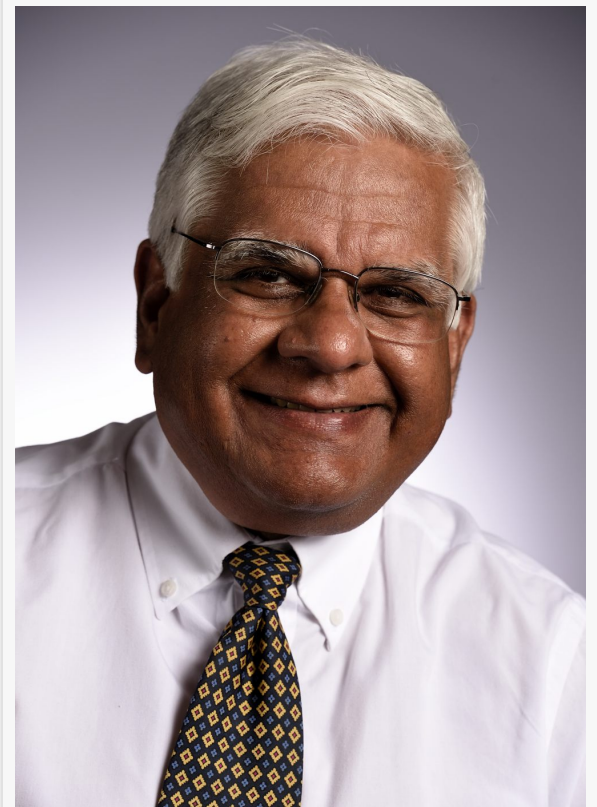

*Longtime technology executive Naresh Shah joins The SafeCare Group board*

LEXINGTON, KY, USA, March 8, 2020 /EINPresswire.com/ -- Celebrating 10 years in business, [The SafeCare Group](#)® today announced the appointment of longtime technology executive Naresh Shah, PhD to its Board of Advisors. The company's [SafeCare AI](#)® artificial intelligence platforms and [SafeCareSoft](#)® SaaS-based analytics address key healthcare challenges of medical errors, readmissions, redundant care and utilization, infections, and cost.

"We are delighted to welcome this seasoned tech executive to The SafeCare Group board," said Yisrael Safeek, MD, MBA, The SafeCare Group President and CEO. "During busy times, Naresh and his company supplemented The SafeCare Group's workforce capacity with IT consulting, software deployment, and backup and recovery systems. His input on the board will help us as The SafeCare Group continues to grow and achieve our full potential as a healthcare analytics and software powerhouse."

## About Naresh Shah

Dr. Shah is President of TeamLogic IT, Lexington, KY. He is a University of Kentucky Research Professor Emeritus, and opted for an early retirement from academia in 2012 to provide technology solutions to small and medium sized businesses. Dr. Shah obtained his PhD from The University of Kentucky in Metallurgical and Materials Engineering. He is a Kaseya Certified Administrator – Kaseya Core VSA.

## About The SafeCare Group

The SafeCare Group is focused on helping patients by extending our products across their healthcare journey - everything from finding a hospital, writing reviews, and staying connected afterwards. In 2019, The SafeCare Group launched Rate A Hospital to allow patients to share care experiences, and in 2013, the 100 SafeCare Hospitals® rankings were created to empower healthcare consumers. Since 2016, The SafeCare Group invested heavily into

Artificial Intelligence (AI) software. Known as Intelligent Healthcare™ software by leveraging machine learning and deep-learning capabilities, SafeCare AI® Suite fosters a new generation of AI applications, which are able to sense, reason, act and adapt, to address a range of healthcare challenges in areas such readmissions, medical errors, infections, cost, and outpatient utilization. Since 2014, SafeCareSoft® SaaS solutions enable hospitals to take advantage of disruptive

healthcare software known as Softwaring Healthcare Excellence® that optimize hospital ratings and regulatory accreditation. The SafeCare Group® was founded in 2010.
