Veteran Leadership

It's about time healthcare embrace "veteran leadership"

LEXINGTON, KENTUCKY, USA, June 14, 2021 /SafeCareMagazine.com/-- SafeCare magazine announced today the release of its Veterans Edition – Veteran Healthcare. The special edition highlights hospitals inability to improve cost and quality stemming from ineffective healthcare leadership.

The main article is by The SafeCare Group board member Yisrael M Safeek, JD who put together several disturbing patients' reviews of hospitals from the patient rating site rateahospital.com – The Voice of the Patient. Patient. These patient reviews are over the past months and they highlight shabby care, bad treatments, and poor services from healthcare providers.

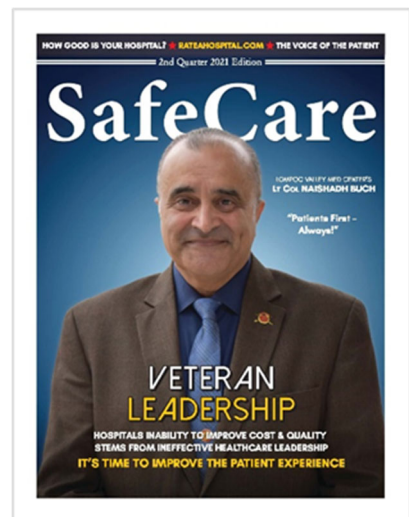

“Developing the right attitude in our staff – by programs such as “Patients First – Always!” – is the beginning.”

Lt. Colonel Naishadh Buch
COO, LVMC
Board Member, The SafeCare Group

The cover story is an exclusive interview with retired US Marine Lt. Colonel Naishadh Buch COO of Lompoc Valley Medical Center, and The SafeCare Group board member. The interview focuses on the “Patients First – Always” approach employed at LVMC where Col. Buch spearheads the patient satisfaction effort.

Other articles include:

- SOUTH KOREA – Dedicated COVID hospitals
- GERMANY – Hospital associated COVID
- PHILIPPINES – Better days to heal
- FRAUD THROUGH EMR – When EMR went wrong
- WRONG SURGERY – An indefensible error
- DOING MUCH HARM - Docs who don't listen
- AI FOR PATIENT SAFETY – AI to improve care

About The SafeCare Group®

The SafeCare Group is focused on helping patients by extending our products across their healthcare journey - everything from finding a hospital, writing reviews, and staying connected afterwards. In 2019, The SafeCare Group launched RateAHospital.com to allow patients to share care experiences, and in 2013, the 100SafeCare Hospitals.com rankings were created to empower healthcare consumers. Since 2016, The SafeCare Group invested heavily into Artificial Intelligence (AI) platforms known as Intelligent Healthcare™ PaaS by leveraging machine learning and deep-learning capabilities. SafeCare AI® Suite fosters a new generation of AI applications, which are able to sense, reason, act and adapt, to address a range of healthcare challenges in areas such readmissions, medical errors, infections, cost, and outpatient utilization. Since 2014, SafeCareSoft® SaaS solutions enable hospitals to take advantage of disruptive healthcare software known as Softwaring Healthcare Excellence® that optimize hospital ratings and regulatory accreditation. The SafeCare Group® was founded in 2010 and is celebrating its 10th anniversary.
