## Make Hospitals Great Again

### *Decline of Hospital Outcomes*

LEXINGTON, KENTUCKY, USA, November 7, 2024/SafeCareGroup.com/-- The SafeCare Group, the company that connects people with great hospitals has released its Fourth Quarter 2024 hospital Star Ratings on its [www.100safecarehospitals.com](http://www.100safecarehospitals.com) site.

**The SafeCare Group is focused on improving healthcare through technology - everything from health systems deploying artificial intelligence platforms to improve outcomes, to helping patients choose a hospital, and sharing the care experiences.**

“Given a choice,” said Michael Y. Safeek, Assistant COO, The SafeCare Group, “healthcare consumers (particularly those seeking hospital services) prefer timelier care, free of complications, and without hospital acquired infections. They also prefer not to be readmitted for the same condition or procedure. And, it goes without saying, all of this should come with less financial burden to them.”

**Since 2013, The SafeCare Group has been comparing the cost, quality, and safety performance of about 5,000 accredited hospitals, including over 130 Veterans Affairs hospitals and over 50 military hospitals.**

Since 2013, the 100 SafeCare Hospitals site has been helping patients across their healthcare journey choose a top hospital for:

- Timeliness of services;
- Low Infections of care;
- Low Complications of treatments;
- Low Readmissions for the same condition;
- Low Charges.

#### **About The SafeCare Group®**

Since 2016, The SafeCare Group invested heavily into Artificial Intelligence (AI) platforms known as Intelligent Healthcare™ PaaS by leveraging machine learning and deep-learning capabilities. SafeCare AI® Suite fosters a new generation of AI applications, which are able to sense, reason, act and adapt, to address a range of healthcare challenges in such areas as readmissions, medical errors, infections, cost, and outpatient utilization.

Since 2014, SafeCareSoft® SaaS solutions enable hospitals to take advantage of disruptive healthcare software known as Softwaring Healthcare Excellence® that optimize hospital ratings and regulatory accreditation.

In 2013, <https://www.100safecarehospitals.com/> rankings were created to help consumers choose a better hospital.
