

SafeCare

2026 Hospital of the Year

AI Hospital

LEXINGTON, KENTUCKY, USA, January 12, 2026/SafeCareGroup.com/-- SafeCare AI has announced its annual Hospital of the Year for 2026.

The Hospital of the Year recognizes an institution that exemplifies excellence in patient care, innovation, and community impact.

What sets the 2026 Hospital of the Year apart is its dedication to innovation and continuous improvement. By investing in advanced AI and robot technology, and evidence-based practices, the hospital ensures that patients receive cutting-edge care tailored to their individual needs.

The 2026 Hospital of the Year is an AI medical facility staffed by autonomous AI agents and powered by large language models to deliver clinical decision accuracy, operational efficiency, system coordination, predictive performance, robust safety, and cost-effectiveness.

“An AI medical facility staffed by autonomous AI agents and powered by large language models to deliver:

- *Clinical decision accuracy,*
- *Operational efficiency,*
- *System coordination,*
- *Predictive performance,*
- *Robust safety, and*
- *Cost-effectiveness.”*

Jiahong Dong, MD, PhD, Professor, Dean of the School of Clinical Medicine, President of Beijing Tsinghua Changgung Hospital, Tsinghua University stated, “Interdisciplinary collaboration among autonomous AI agents foster an environment where efficiency and safety work hand in hand.”

Yisrael M. Safeek, MD, MBA, Charman and CEO of The SafeCare Group stated, “The entire hospital workflows - from triage and diagnosis to treatment and follow-up - with each role (patient, nurse, doctor) is played by autonomous AI agents.”

Beyond its walls, the Hospital of the Year plays a vital role in strengthening the health of the broader community. Through outreach programs, preventive care initiatives, and partnerships with local organizations, the hospital addresses health disparities and promotes wellness for all.

This unwavering commitment to service, excellence, and leadership makes it a deserving recipient of the Hospital of the Year distinction.

About The SafeCare Group®

Started in 2010, The SafeCare Group is a software tech company focused on advanced healthcare analytics and artificial intelligence. The SafeCare Group is focused on improving healthcare through technology – everything from health systems deploying AI platforms to improving care outcomes, to implementing SaaS provider quality scorecards, to helping patients choose a hospital, and leaving online reviews covering their experiences.. In 2019, The SafeCare Group launched <https://rateahospital.com/> to allow patients to share care experiences, and in 2013, <https://www.100safecarehospitals.com/> rankings were created to empower healthcare consumers. Since 2016, The SafeCare Group invested heavily into Artificial Intelligence (AI) platforms known as Intelligent Healthcare™ PaaS by leveraging machine learning and deep-learning capabilities. SafeCare AI® Suite <https://www.safecaregroup.com/intelligent-healthcare.html> fosters a new generation of AI applications, which are able to sense, reason, act and adapt, to address a range of healthcare challenges in areas such readmissions, medical errors, infections, cost, and outpatient utilization. Since 2014, SafeCareSoft® SaaS solutions enable hospitals to take advantage of disruptive healthcare software known as Softwaring Healthcare Excellence® that optimize hospital ratings and regulatory accreditation. The SafeCare Group® was founded in 2010 and is celebrating its 15th anniversary.
