The www.100safecarehospitals.com application works in tandem with The SafeCare Group's Rate A Hospital patient review application <https://www.rateahospital.com/>. According to Yisrael M. Safeek, MD, MBA after a patient review is posted at Rate A Hospital, the hospital's star rating generated by The SafeCare Group's proprietary formula is displayed at 100 SafeCare Hospitals site.

“For 2023, in addition to linking the two applications and sites, we added new smart search to allow easier searching by hospital name or location,”
