INDUSTRIAL COMPLEX

INTERTWINING OF BIG PHARMA, INSURANCE PROVIDERS, HOSPITALS, MEDICAL DEVICE MAKERS, GROUP PURCHASING CARTELS & ACCREDITING BODIES TO PRIORITIZE PROFITS OVER PATIENTS.

Dr. Safeek asked, "Have you ever wondered why healthcare with terrible outcomes is so expensive? That's because the healthcare industrial complex operates within a framework that prioritizes profit over patient care."

"The healthcare industrial complex is marked by large corporations wielding considerable influence over healthcare policies and practices. This influence extends to regulatory bodies and policymakers."

"What country allows its poor, hard-working, and sick to be treated like dogs?"

Dr. Safeek continued, "As a young adult, I did not have insurance, even though I was a full-time student with three part-time jobs. Waiting for hours in pain at an urgent treatment center was my first lesson with the healthcare industrialized complex."

In addition to the main article, there are about 200 patient reviews from January, examples of a broken healthcare system.
